Five projects

SELECTED WORK · 2026 · CLICK ANY PROJECT TO OPEN IT

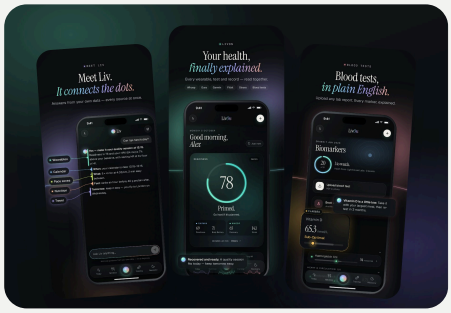

01 FOUNDER & AUTHOR

Making Sense of the World

A newsletter publication of long-form, research-driven essays on geopolitics, history, business, technology and science.

View project ↗ Live site ↗

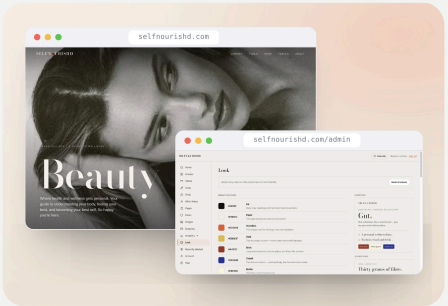

02 FOUNDER

LivOn Health

A health and wellness app that unifies wearables, blood tests, nutrition and body scans into AI-driven guidance you can act on today.

View project ↗ Live site ↗

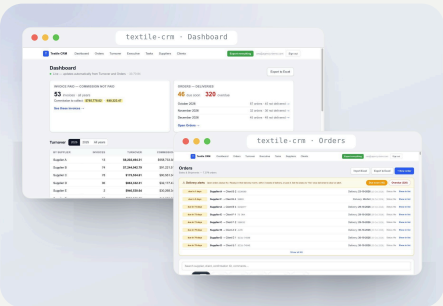

03 DESIGN & DEVELOPMENT

Selfnourishd

A website for a health and wellness brand, with a custom admin panel that lets the founder edit the entire site herself.

View project ↗ Live site ↗

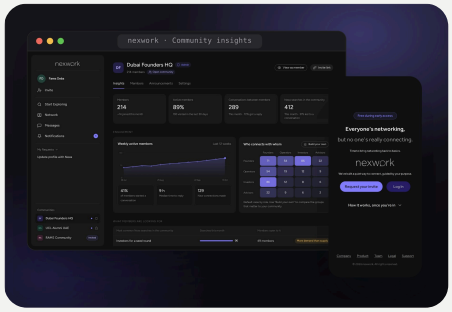

04 DESIGN & DEVELOPMENT

Textile CRM

Bespoke software for a textile trading business: orders, shipments, invoices and commissions in one place, with an executive dashboard for the CEO.

View project ↗ Enquire ↗

05 PRODUCT OWNER

Nexwork

An invite-only, purpose-led, AI-native networking platform for the Middle East, where I led end-to-end product lifecycle development.
